The One Stop Shop

for All Your Vending
Machines Needs

Message from the Chairman

At Danyah, we have two primary priorities that form the base of everything we do. First of all, we're focused on quality; we ensure that there's no deficiency in the products or services that we provide. Our team works to make certain that everything is done responsibly and in a technologically advanced manner.

Secondly, we're committed to providing our customers an experience worth remembering. We want to make sure that all their vending machine needs to met here so that the entire process is convenient for them. Setting an example is something we've been doing since the very start and this is what we plan to continue doing.

Sincerely,
Jalal Althamer

Danyah is a Saudi Brand that was established as a result of our deep belief that technology should be utilized for an easier and better life.

We're a Saudi-based company dedicated to providing state-of-the-art vending machines to businesses and institutions that are interested in providing the convenience of snacks, drinks and other products at the drop of a coin - literally!

The background of the slide is a close-up photograph of various mechanical components. In the upper right, there is a prominent gear with a black dial face featuring white numbers from 1 to 31. Below and to the left of this gear are other parts, including what appears to be a black plastic housing or frame. The lighting is dramatic, with strong highlights and deep shadows, creating a technical and industrial atmosphere. The overall color palette is dark, with greys, blacks, and metallic tones, accented by the yellow text.

Spare Parts

From water pumps to bill validators, boilers, and more, we bring top-end spare parts for you as well so that if your old machine needs an addition, you know we're here for you.
